

CONGRESS NOTES TO DAY

Political Camp In Chicago Is Booming

WOMEN LINED UP FOR ACTIVE PART IN CONVENTION

CLAIMS OF TWO PARTIES ARE STUDIED BY REPUBLICAN COMMITTEE.

DELEGATES ARRIVE Advance Guards on Ground for Final Political Fight.

Chicago, June 3.—(By Associated Press.)—The republican party assembly in national convention in the Coliseum to pick its candidate and those two days are expected to contain crowded hours of conferences, last minute alignments, forenoon and final decisions among the campaign managers. Every eye of the candidates except Herbert Hoover is expected here at some time.

The national committee's sub-committee to consider the part women are to play in the government of this party held a pre-breakfast session today but failed to reach definite conclusions. Victor Heintz, Cincinnati, executive director of the committee, was present to present certain views to leading republican women and to advise the sub-committee so that a definite plan might be recommended to the full national committee next Monday.

The committee is confronted with the task of harmonizing the views of two schools of thought among the women. One asks direct control of the party with parallel organization of men and women. The other school that "adequate representation" of the women on governing bodies of the party is the wisest.

Women to Meet A meeting of women has been called for Sunday afternoon and all feminine delegates are expected to attend the convention as well as other leading republican women, have been invited to attend.

The action of former President William Howard Taft and a Hoover worker, was among the early arrivals today. Mr. Taft has been particularly active in the Ohio situation as it concerns the Hoover movement and reports that he finds all of the delegates from that state in a favorable frame of mind toward Hoover after Wood and Harding have ceased to be contenders.

Advance Guards Arrive. The advance guards of the delegates are beginning to arrive and by Sunday they will be coming in large numbers. The majority of them to be sure, are technically unpledged but most of them have leanings toward one or the other of the two camps. Some of the chairmen of the incoming delegations are announcing their preferences in a rapid succession of interviews.

Platform Planners Busy. As the delegates begin to gather there is a fore-runner of discussion and action. The members of the national committee are freed from consideration of their claims of delegations contesting for seats. Things are expected to move along more rapidly. The committee members will find themselves free to give attention to the convention issues.

Women to Remove Hats. Women attending the republican national convention are asked, by Mrs. Raymond, to wear plain small hats and to take them off as soon as they are seated in the convention hall.

Legislature Reconvenes To Fix Tax

Madison, June 3.—The indications this afternoon were that the special session of the Wisconsin legislature would not be able to adjourn today. No bills passed by the legislature have reached the executive office. It requires several hours to check over these measures and the opinion was expressed at the executive office at noon that a final adjournment today was unlikely. Tax measures are the most important of the unfinished business.

The rent, hospital, and tax bills have not been received, the executive office indicated. Only a few members of the legislature showed up in each house today. Senators appearing were, Huber, Rothe, Nye and Burke. It is understood several will come into Madison late this afternoon.

No indication was given that Governor Phillips regarding what action he will take on the bills. Friends declare he will not favorably on all but the surtax measure upon which there is express doubt of executive sanction.

While no indication has come from Gov. Phillips himself as to what action he will take on bills as passed by the special session of the Wisconsin legislature it has been privately indicated that they will all be signed but the surtax measure. This would mean that the rent, hospital and surtax bills would be signed with the surtax bill vetoed.

The action will then result in a problematical legislature which reconvenes this afternoon at one o'clock will consist of nothing more than a formal quorum in each house. That will not be able even to pass the measure over the governor's veto.

The bills which came down to the governor's office this afternoon called for a vote of 10-10 in each house. The governor's action and the houses will adjourn. Should the tax measure be vetoed that would leave the matter of funding the roads entirely up in the air. With this exception however, Governor Phillips stated that he had no word to mean that the emergency board which has the power to allow emergency needs to state institutions and funds appropriated to cover the additional amounts allowed by the legislature to the University and State Hospital.

Executive Council George F. Hudson called the houses in conference without adjournment. The houses will adjourn at 10 o'clock tomorrow afternoon on the tax bill.

Chicagoans at Hearings On Lake Level Question. Chicago, June 3.—A part of Chicago sanitary district trustees and engineers today were enroute to Buffalo to attend the hearings there on the question of lake level in the Great Lakes and present their appeals for a flow of 10,000 cubic feet per second into the Chicago drainage canal instead of 4,500 cubic feet per second now permitted. Some lake points have protested the Chicago application on the ground that it would lower their harbor level below requirements for present dockage facilities.

SENATE CAMPAIGN INVESTIGATORS TO SUSPEND INQUIRY

ACTIVITIES OF COMMITTEE TO BE STOPPED DURING CONVENTIONS.

BURTT TESTIFIES Assistant to Proctor, Wood Chairman, Tells of Funds.

Washington, June 3.—With only two witnesses of the subpoenaed list remaining, the senate committee investigating pre-convention campaign expenditures expected today to suspend its activities temporarily. Just what the future policy of the committee would be was in doubt following the action of Senator Edge, republican, New York, late yesterday in announcing he would seek release from further attendance upon the sessions.

Senator Edge took the position that the committee already had accomplished what it had been instructed to do. Proctor's Assistant Called. W. B. Burtt, assistant to Col. William Cooper Proctor, national chairman of the Wood campaign committee, was the first witness called today. He testified that he was an "assistant and confidential man" for Ambrose Monell, New York, who, it has been testified, was a heavy contributor to the Wood campaign.

Brings Wood Papers. Mr. Burtt said he had brought papers from the Wood national committee and produced a case and two bundles, from which he took a set of formidable looking ledgers. The committee discussed the showings of the various accounts with him.

Mr. Burtt said one of the volumes contained all the requests for funds during the national Wood campaign. He said the committee was not a committee by state and district managers and a notation of the action taken.

\$40,000 In Indiana. Mr. Burtt said \$40,000 had been spent in Indiana but explained other testimony on the state expenditures during the campaign. He said the Indiana total was \$58,000. Chairman Kenyon turned to a bound receipt book.

Horace S. Stephens, New York, first treasurer of the Lincoln-Wood League, and sought by subpoena several of the senate investigating committee today from Montreal that he had just heard of the search for him and desired to testify. He will be heard tomorrow.

DRYS CORNER ALL G. O. P. CANDIDATES. Chicago, June 3.—Virgil G. Hinshaw, chairman of the prohibition national committee, this morning drew up two questions for presentation to republican presidential candidates in the coming campaign. The questions were: "Do you support the prohibition act?" and "Do you support the prohibition act?"

Do you believe in the 18th amendment as interpreted by the Volstead act, which act as you understand it will be applied to the liquor traffic?

Do you favor your party adopting a plank in its national platform endorsing the 18th amendment and its enforcement as interpreted by the Volstead act?

William J. Bryan will arrive tomorrow, Mr. Hinshaw said. The candidate will be invited to a meeting in one of the downtown hotels Sunday. Mr. Bryan had been invited to speak, but owing to engagements in Milwaukee will not be in the city Sunday.

DRASTIC MEASURES TO CURB LIQUOR TRADE. Washington, June 3.—Adoption of drastic measures to prevent illegal withdrawal of liquor from bonded warehouses and to curb the growing problem of saloons in the city of Chicago was the subject of a meeting today by the Bureau of Internal Revenue.

Reports of the unauthorized removal of spirits from warehouses have reached the bureau in sufficient number to warrant action. Prohibition commissioners, Mr. Kramer added, are working out a plan by which liquor warehouses will be inspected and not be removed without proper authority.

INDIANS KILL MANY ARGENTINE SOLDIERS. Race Issue Settled

Republican Committee Rules That Conventions Shall Not Be Held in Places Where Negroes Are Not Admitted.

Chicago, June 3.—An unanimous resolution today directed Chairman Hays to notify all state organizations that they must discontinue holding local conventions for election of national delegates in places where it is the custom and practice to refuse admission to negroes.

Tried to Avoid Issue. The committee attempted to avoid the race issue, but failed. Aroused by the number of contests from the southern states in which it was shown that district conventions were held in hotels and other places where negroes are not admitted, Charles B. Warren, committee man from Massachusetts, moved to have the committee "issue a warning to the south" that contests on similar grounds must not be permitted to come up at the next national convention.

Georgia's Protest. Southern committee men headed by W. H. Jackson, Georgia, protested that the action as framed was a slur on the south and contended that specific mention of the southern states should be eliminated and its terms broadened to refer to the entire country. Col. Warren accepted an amendment to that effect and it was unanimously adopted by a viva voce vote.

The southern committee men made no objection to the resolution as it was amended to eliminate specific reference to the southern states.

Capital City Of Persia Is Taken by Reds. (By Associated Press.) Constantinople, June 3.—The Persian legation here has received a dispatch saying that the bolsheviks had entered Teheran, the capital of Persia.

GERMANY IS POOR LOSER, NOT STARVING, MAJOR REPORTS. Oshkosh, June 3.—Contrary to popular opinion in America, the people of Germany, know they were whipped in the recent war and had no illusions on that subject, but they are trying every possible way to save their country. That is the opinion of Major Charles H. McDonald, Wittenberg, Wis., who has just returned from a tour of inspection in Germany.

Major McDonald, who is a judge advocate, and his family are visiting his brother, D. E. McDonald, in Oshkosh.

Major McDonald said "Germany is undergoing serious experiences." She has had two revolutions and is now trying to establish a stable government as a republic. She needs no help financially. She is actually starving in occupied territory is propaganda, pure and simple. Never saw healthier looking children and there is no race suicide either. It is true Germany is no land of milk and honey now. She is paying high bills in part and living on course fare. She started paying just as far as she is able. She does not feel her country is a poor loser. If she can find a way to mitigate her own troubles she will do so.

Major Supports It. Major Welsh is in hearty accord with the plan. "If we have 30 fires a month," he said, "the chances are water will be used only once or twice. But regardless of this, under the present system the pressure is increased at the plant 30 times, putting a heavy load on the pumps which is entirely unnecessary."

Is Widely Used. The plan of using "booster" pumps is being used by fire departments in all of the larger cities and is rapidly being adopted by smaller ones. It is worked out successfully in Milwaukee and Chicago. One provision is made in the proposed system here—that on all alarms in the downtown district the pressure shall be increased at the plant.

DANIELS URGES NAVY FORGET TRADITION. (By Gazette Correspondent.) Annapolis, June 3.—Upon the spirit and will of its officers to cast off "slavery to tradition" and venture into the future, the future of the navy depends the future strength and efficiency of the American navy, Secretary Daniels told the graduating class of the Naval Academy today in presenting diplomas to its 238 members.

No two wars were ever won by the navy alone. The military leader of the future may navigate his ships by radio and the day may even come when the navy will be a "land" navy, he said.

Coupling with his admonition against tradition and slavery to the past, the secretary referred to the "doubt among naval statesmen" in accepting the American navy's proposal for the North sea barrier.

Secretary Daniels declared the spirit that gave birth to that "great and original conception" won for the navy the honor of contributing to an official statement issued yesterday at Moscow and received here by the text of the statement follows:

"In the direction of Molodetchno, we are conducting an advance near the railway. Southeast of Muzir, near the mouth of the Beresina river, fighting is proceeding with alternating success. In the Belia Tarkon region after fierce fighting seven miles from Belia, we are driving the enemy back to the west."

WILSON WILL NOT ASK EXTRA SESSION DURING SUMMER

PRESIDENT ASSURES SENATE SPECIAL CALL IS IMPROBABLE. VOTE IS 44 to 24 Amendments to Reconvene in July or August are Defeated.

Washington, June 3.—Congress will end its present session Saturday under a resolution of adjournment adopted today by the senate after assurances had been received from the White House that President Wilson did not intend to call a special session during the summer unless a grave emergency arose.

The vote on the resolution was 44 to 24. It came after two attempts to amend the measure so as to adjourn for recess in the one case to July 12 and in the other to August 2 had failed.

Two Amendments Defeated. Senator Kenyon, republican, Iowa, first offered an amendment to make the date of re-convening August 30, but at the request of Senator John C. Trammell, democrat, Florida, the date to July 12. The second attempt to amend was by Senator Trammell, democrat, Florida. Both amendments were voted down 47 to 20.

The resolution already had passed the house. Announcement of the president's decision was made in the senate today by Senator Underwood of Alabama. Underwood, who had been authorized to deny reports that an extra session was contemplated.

Senator Underwood's announcement was made when the resolution for a final adjournment of August 30, was being considered. He was called up for senate action by Senator Lodge, Massachusetts, the republican leader.

"I am glad to see in one of the papers this morning," said Senator Underwood, "that if congress adjourned now, the president would later call an extra session. The president's secretary has authorized me to state that if congress adjourned now, the president would later call an extra session. The president's secretary has authorized me to state that if congress adjourned now, the president would later call an extra session."

Resolution Sharply Criticized. Sharp criticism greeted the adjournment resolution. Senator Kenyon, republican, Iowa, moved to amend it so that the adjournment would be to August 30.

KIDNAPERS OF BABY EVADE DETECTION. (By Associated Press.) Norristown, Pa., June 3.—The mystery surrounding the kidnapping of 13 months old Blakely Coughlin, stolen from his crib early yesterday afternoon, was solved today by means of a ladder, was still unsolved today. Hundreds of officials searched the surrounding country for the kidnappers. The police announced today they are working on several promising clues and that the case might be made within 24 hours.

A reward of \$1,600 has been offered by the county commissioner for the capture of the kidnappers and it was said today a reward would be offered for the child's recovery.

George F. Felt, the baby's father, is president of a Philadelphia lithographing concern and is a former Princeton athlete.

PRESS BRINGS ABOUT PRICE CUTS IN PARIS. Paris, June 3.—Newspapers of this city have begun a campaign intended to compel holders of stocks of food and other necessities to cut down prices. Lower prices for food are reported generally from London, France, and Switzerland and it was said today that revelations made in the campaign.

La Follette "Feeling Fine" for Operation. La Crosse, June 3.—That Senator La Follette is "feeling fine" for operation, to be performed at the Mayo hospital at Rochester, Minn., soon, was indicated today when the senator answered a long distance telephone on the inquiry of a local newspaper.

The call had been put in for Robert M. La Follette, Jr., the senator's son and private secretary, but the senator got the line. "Tell them I'm feeling fine," he said.

Clip Coupons Off Your Coal Bill
How to save one-third of your coal bill every winter and have a more comfortable house
FLAXLINUM
Keeps the House Warm in Winter—Cool in Summer—Saves 1/3 of Coal Bill
COAL bills have become matters of really serious concern these days. Serious because the coal bill is the greatest fixed charge in operating the home. The biggest "overhead" charge, as a business man would put it.
And keeping down overhead is the aim of every successful business concern. The same principle holds good in the home. An investment that permanently cuts down running expense is worth looking into.
That's why we think every home-builder will be interested in Flaxlinum. Flaxlinum built into the walls and roof of your house permanently cuts down coal bills one-third—30 to 40 per cent, according to the experience of home-owners in the coldest parts of the country, where Flaxlinum has been used for nine years.
At this saving Flaxlinum pays for itself in a few winters and then goes right on saving for you.
But that is only the money side. The greatest thing about Flaxlinum is that it insures comfort the year 'round. It gives you a warm house in the coldest winter weather—and a cool house in summer. There's no estimating the money and health value of this comfort.
How does Flaxlinum do this?
By "insulating" walls and roof, it prevents the passage of heat and cold through wall and roof. It's like building a thick blanket into your house. It's building your house on the principle on which your refrigerator is built.
A layer of Flaxlinum one-half inch thick is equivalent in heat and cold resistance to thirty thicknesses of building paper or to four solid inches of back plaster. For side wall insulation we recommend half-inch and for roof insulation three-quarters or one-inch Flaxlinum.
If you are building a stucco house we suggest that you investigate Flaxlinum Keyboard. Keyboard is built up of half-inch Flaxlinum, high-grade, asphalt-saturated, water-proof paper and No. 1 white pine beveled lath. It gives you the high insulation value of Flaxlinum in a strong stucco base.
Flaxlinum products are sold by leading building material dealers everywhere. They are specified by architects and endorsed by contractors. If you do not know the name of your nearest Flaxlinum dealer, write us.
Free sample and literature sent on request. In writing, please state what kind of building you are interested in.

HUGE FIELD DAY SET FOR SUNDAY

Biggest Outdoor Sportsman's Event to Be Staged At Lake Koshkonong With Many Events.

All roads lead to Stanley Pierce's huge field day at Lake Koshkonong, Sunday. The day is going to be the biggest in the life of outdoor sports in Rock county. Close on to 200 sportsmen with their wives are going to take it in and have one of the best days of real sport ever known.

On that day, the Rock County Game Protective association will stage its first annual field day at Charley Bluff. Preparation has been going steadily forward to work up a program attractive to all lovers of the great outdoors with something doing every minute and something in which they can participate.

Got an auto? Going to have any extra room? Are you going to join in the field day?

There will be some fellows who would like to join in the festivities Sunday who may be held back by lack of transportation because of the train service. If you are going to have an extra seat or two, phone Charles Snyder, 12 N. River street, and let him know.

If you want to go and have no fear of getting there, phone him to see if he can place you.

While the actual scheduling of events cannot be made until the parties arrive on the grounds because entries will not be taken until that time, partial arrangements call for staging of the numbers in the afternoon shortly after lunch. Trap shooting will be the first event and probably will last until 3 o'clock. At the same time rifle shooting and casting will be running. A few other events will also be run in.

Huge Picnic Affair.

Prizes will be given the winners. J. C. Root, Beloit, who is in charge of activities, is at present visiting sporting goods houses arranging for prizes to be given to the lucky ones. He will return tomorrow and make an announcement Saturday of final arrangements, according to what given by the odds.

The day will be a huge picnic. The sportsmen, numbering among them many of the most prominent business and professional men of the county, will take their wives along. It will last from early morning until after sunset, and the grounds under the trees and along the shores of the lake will be in order.

To attend, it is not necessary to be a member of the association. The only requirement is love of the great outdoors and sportsmanship.

CAN RICH MITCHELL HANDLE TENDLER? FIGHT ON JUNE 9

Boxing fans who saw Lew Tendler defeat Pinky Mitchell at the Milwaukee Auditorium, May 19, wonder whether Richie Mitchell, brother of Pinky, will be able to reverse the order when he clashes with Tendler before the Cream City Athletic Club June 9. There were many of the fans who considered Pinky a stronger puncher than Richie before the bout with Tendler, but since the elder brother put Jimmy Hanlon, the tough Italian, away in two rounds at Kewonsha opinions have changed.

There is no doubt that Hanlon is a tough bird and hard for any of the lightweights to knock out, but he was a baby in the hands of Richie. Now the question arises: Will Richie be able to put over his right to the point of Tendler's jaw as he did with Hanlon? If he does the Milwaukee fans are willing to wager their coin that the Philadelphia sensation will not get up before the count of 10.

Then again there are boxing fans who are sure Tendler was "under wraps" when he met Pinky, not wishing to show all his points, knowing that he was booked up with again the Quaker City lad may have shown his best, but just the same it has the fans guessing and the coming battle will be a hard one no judge.

Carpenter on Card.

Besides the big battle the Cream City club has arranged for the appearance of the famous French Ace Georges Carpentier—champion heavyweight of Europe and challenger for Jack Dempsey's title. Carpentier will box on the same card with Mitchell and Tendler and will give exhibitions of shadow boxing. It is probable that a reception will be tendered the war idol of France by the American Legion.

Cincinnati—In an amended answer to the suit of Lee Magee against the Chicago Nationals, President Veck of the Cubs said Magee confessed he bet against Cincinnati while a member of that club and added intentionally in having his team lose.

BADGER ATHLETES OFF TO ANN ARBOR

Madison, June 3.—Athletes of the state university are directing their attention to the closing activities in western conference track at Ferry field, Ann Arbor, Friday and Saturday. The baseball nine will accompany the track men to compete against the Wolverine baseball team.

Wisconsin's showing in track gives her fans hope for a leading place in the championship contests. Illinois is looked on as one of the fastest competitors. Wisconsin is sure of a neat array of seconds and thirds, but a number of firsts will be necessary to take the championship.

Coach Tom Jones and his team left for Ann Arbor today.

KILBANE DROPS BOUT TO CHANE AT PHILLY

Philadelphia, June 3.—Young Andy Chane of Baltimore, outtought Johnny Kilbane, featherweight champion, in an eight round bout here Wednesday night. The champion was on the defensive most of the time, and at one point the referee warned him against holding.

Jack Britton, welterweight champion, defeated young Joe Borrell, Philadelphia, in a hard eight round fight.

Eddie Fitzsimmons, New York, beat Paul Moran, New Orleans, and Harry Greb, Pittsburgh, defeated Clay Turner, St. Paul, in other eight round bouts.

Johnny Murray, New York, defeated

TANKS ROUND INTO SHAPE; WILL PLAY ALL-STARS SUNDAY

Fast getting into first class shape, the "great 'em rough" team of the tank corps is falling into line as one of the coming lines of local baseball. In an uphill fight to whip a combination into shape, overcoming many setbacks, the gardeners threw off their slump and last week rode rough-shod over the tool room boys of the Samson plant, winning 17 to 2.

With Les Fire in the box, the "armored tractor" presented a formidable array for amateur teams of the vicinity. Things look now as if they will soon be in demand for games both here and out of town.

All-Stars Sunday.

On Sunday, the tanks take on the Janesville All-Stars at Samson, 4 o'clock near the big plant. The game starts at 2 o'clock. It should be a classy tilt and attract a large number of fans who might otherwise go to see the Sammites.

Tank lineup:
Schaber, c; Les Fire, p; Harmon, ss; Ryder, 1b; G. Hupel, 2b; Grimshaw, 3b; Inman, 1b; Sheridan, cf; Stendal, rf; Rausch, Quigley and H. Hupel on the bench.

New York—Babe Ruth hit three homers yesterday bringing his season record to 15.

Ed Artie Root, Cleveland, the referee stopping the bout in the fifth round after Murray had knocked Root down three times. The fight was scheduled for six rounds.

3 HOMERS FOR RUTH; SOX WIN; CUBS LOSE

AMERICAN LEAGUE.

Eight home runs were scored in two games between the Yanks and the Senators, Ruth getting three to bring his total for the season to 15. New York won the first, 8-1, Washington the second, 7-1.

Chicago drove Weisman from the mound in the first inning, hit Van-gilder hard and won from St. Louis 7 to 3.

With the score tied in the eighth and Caldwell on first and two out, Jamieson hit for three bases, while Chapman and Speaker each doubled and the Indians won from Detroit, 8 to 5. Caldwell dazelled the Tigers.

NATIONAL LEAGUE.

Cincinnati went into the lead by winning from Chicago 5 to 3. Two Cub pitchers, Tyler and Bailey, were hit hard.

In a loosely played game, the Phillies won from the Dodgers, 6 to 4. Seven pitchers worked on the mound, none working well, except G. Smith and S. Smith, ninth inning selections.

Three out of four for the Cards was the result of the series when St. Louis won from the Pirates, 6-2. Carlson was hit hard. Three of his passes and a hit batsman all netted runs.

Outplaying the Giants, the Braves won 9 to 1. Scott held New York to five hits. Toney's arm went bad after three innings, while Hubbell and Winters were ineffective and had poor support.

AMERICAN ASSOCIATION.

Still crippled, allowing 15 hits, the Brewers lost the first to Louisville, 10-3.

Magee Admits Bad Work in World's Series

Cincinnati, June 3.—Lee C. Magee, Cincinnati, professional baseball player, confessed to William L. Veck, president of the Chicago National League baseball club, Chicago, on Feb. 10, 1920, that he bet against the Cincinnati Reds in July, 1919, when a member of the Red team and made "intentional wild throws" and "otherwise" played to cause his team to lose to Boston. This charge is made in an amended answer filed in United States District court here on Wednesday by the Chicago club to Magee's suit for \$3,000, alleged to be due as damages for the refusal of the Chicago club to permit him to play with the team this year.

INDIANS TOMAHAWK ST. MARY'S NINE, 12-11

PRESTON RETURNS; BOOST TRACK MEET

Washington Leads With Number of Entries—Want at Least 100 Participants.

With the return of A. C. Preston, boys' work secretary of the local "Y" from a trip south, greater impetus will be given the grade school track meet to be held on the morning of June 12 at the fair grounds. "Preston" got into the swing of the classic today and started working at once with the teachers of the several schools to create a greater interest and make the event a huge success.

To date, 51 entries have been received, according to an official count, these cover 174 events of various kinds, dashes, jumping, baseball

Chicago.—Everett C. Brown, American Olympic games' committee man, asks all school boards of the country to take steps for the enlistment of every public school in the nation in the league for competitive athletics. The purpose of the league, he explains, is for the promotion of increased athletic activities among the pupils of the seventh and eighth grades, especially.

throw and shot-put. They line up for the schools as follows: Washington, 17; Garfield, 12; Ypsilanti, 7; Adams, 6; Grant, 4; Jefferson, 3; St. Mary's, 1; Douglas, 1.

Plans are to get at least 100 entries among the boys to make the meet worth while. It is believed that when the schoolboys and how few entries have been turned in from their school, they will line-up quickly to give their school a big boost.

School spirit will be the biggest thing of the meet. Therefore the more entries turned in by each school, the better chance that school should have. On the other hand, much closer competition will result if each school turns in about the same number of applications.

Most of those who have specified an intention of competing are among the smaller boys. Why the older fellows are hanging back is a question when they should be the first to get in.

Chicago, June 3.—Entry blanks for the middle western Olympic try-outs were mailed today to every athletic club in the central district of the National Amateur Athletic Union. The tryouts will be held here June 26. All entries must be made by June 19. The 19 events are open to any amateur athlete registered with the A. A. U. who is a citizen of the United States.
